

# Financing Border Management Solutions

Automated Border Control (ABC) Systems Case Study

20 May 2024

# What are Automated Border Control (ABC) Systems?

Also known as e-Gates

Through biometrics:

- Verifies identity of traveler
- Verifies authenticity of travel document
- Validates that the traveler is authorised to enter the country

# The case for e-Gates

- Enhanced border security  
Biometrics better suited to validate travelers
- Increased customer experience  
Processing times are streamlined for low-risk travelers
- Optimization in staffing  
Increased capacity to focus on higher-risk categories
- Successful implementations and use cases

# What are we seeing in South Africa

**South African airports to get new e-gates – BusinessTech**  
**8 March 2019**

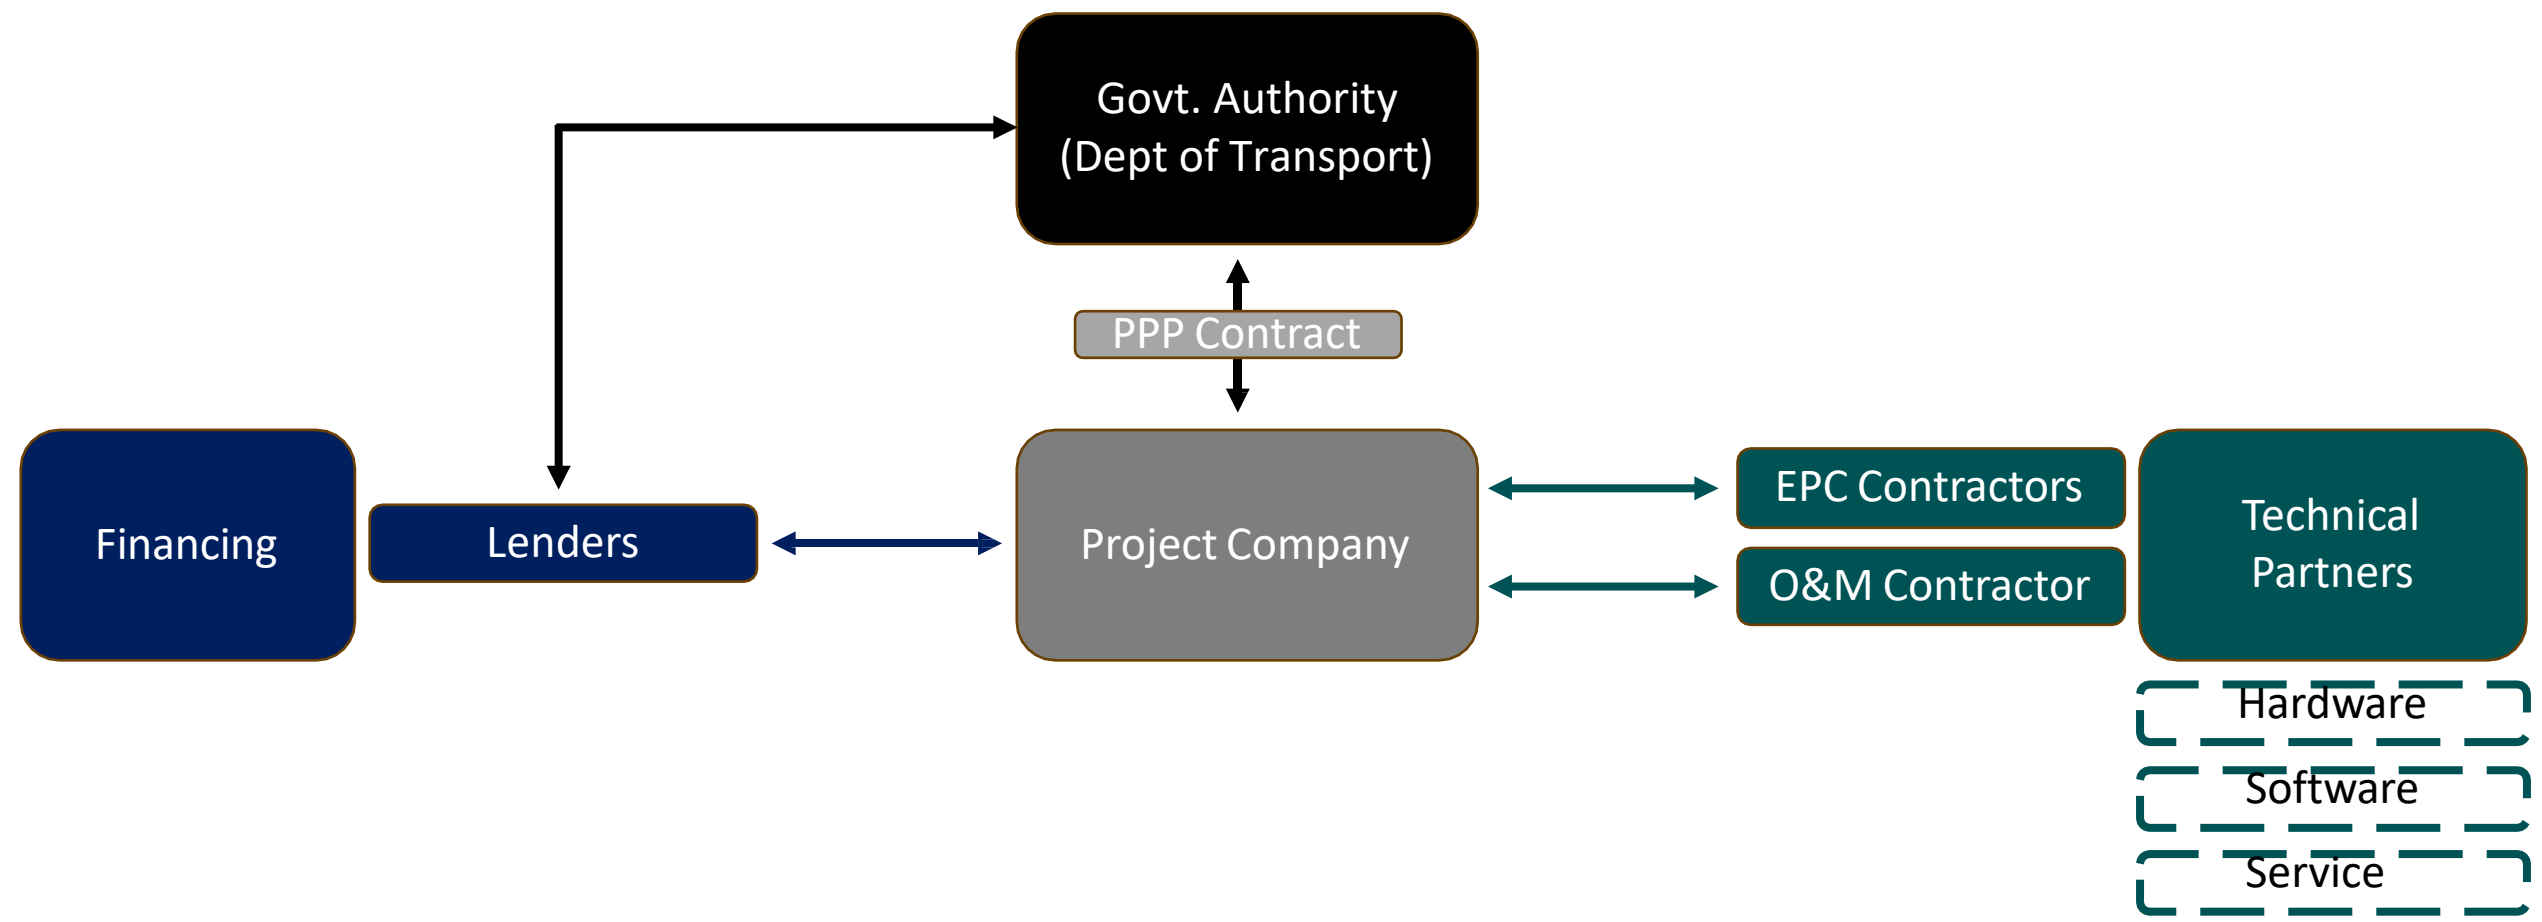

**E-gates are coming to SA – travelnews.co.za**  
**09 Oct 2023**

**OR Tambo to introduce E-gates - tourismupdate.co.za**  
**30 March 2023**

**ACSA to deploy IDEMIA's Passenger Flow Facilitation (PFF)**  
**solution in 9 South African Airports as soon as 2026 –**  
**ID2Travel**
